Pacific Pride Advantage

The Nation's Best Commercial Fueling Network

Enjoy these cardlock conveniences:

- 24 hour, 7 days a week access
- Available to commercial vehicles only — less wait time
- No convenience store distractions
- Over 1300 cardlock sites across the US and Canada
- Clean, well-lit locations offering easy access to class 8 vehicles
- Diesel fuel available with high speed dispensers (40 gal/min)
- No monthly card or service fee — only pay for the fuel you purchase
- Pricing and credit terms are negotiated locally

Whatever mix or quantity of trucks, vans and cars make up your fleet, you'll have better control of operating costs with a fleet card from Pacific Pride.

Pacific Pride is a nationwide network of independently owned, 24-hour, fully automated fueling stations (cardlocks) dedicated exclusively to commercial customers. You'll enjoy the benefits of dealing with a local company and still have the convenience of a network of sites that accept the card. Pacific Pride Marketers offer unsurpassed service and accountability.

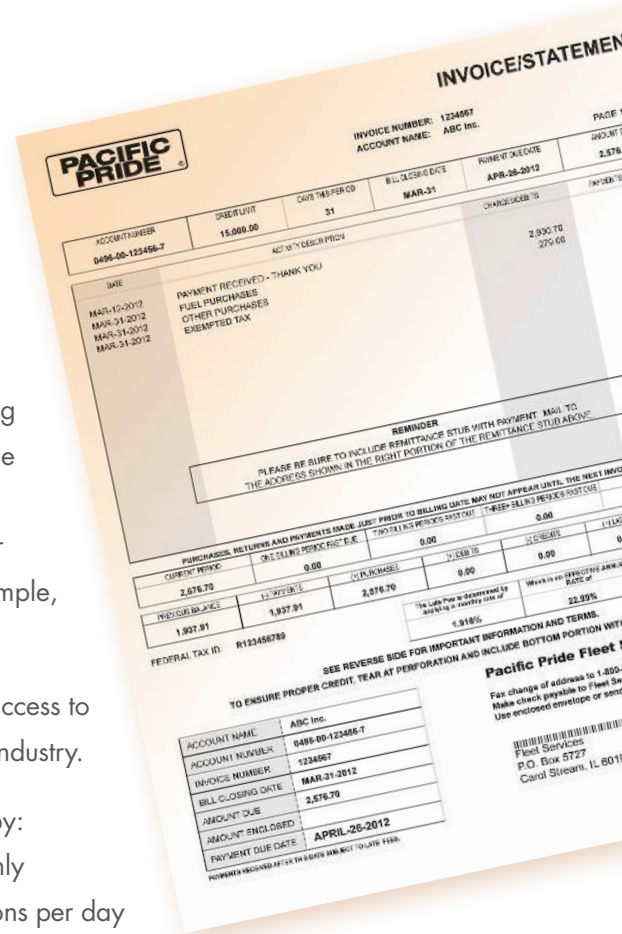

Monitor Every Drop, Dollar and Driver

Every card issued identifies the driver and vehicle, and permits pump access only when used with a unique security code. Transaction information is captured and reported in an easy-to-read format. You'll know who bought what, when, and where allowing you to stay on top of your fleet fueling activity, creating more opportunities to manage and affect your fueling expense. Plus, we also provide the option to include a 3rd prompt for even greater reporting capabilities — for example, driver/vehicle/job number.

With a fleet card from Pacific Pride you have access to some of the tightest transaction controls in the industry.

Purchase controls and restrictions can be set by:

- Fuel Type/Grade — such as Diesel Only
- Number of Gallons — such as 18 gallons per day
- Dollar Limit — such as \$100 per day/transaction
- Time of Day/Days of the Week — such as no fueling on Sundays
